

“Marie José and Tatjana, you are two **loving** women who  
**know exactly** what you’re doing,  
and with you, I could **truly be myself**.

Truffles were **completely unknown** to me,  
but I was **well-guided**, and I **felt safe**.

**I will definitely return when the time is right.**

The scents and the music were so  
supportive and thoughtfully chosen.

*"I release control, and surrender to the flow,  
of love that will heal".....* ❤️

**Amazing!**  
Much love, Anne”
